Index to Volume 32

A

Aabakken L, Osnes M: Endoscopic choledochoduodenostomy (ECDT) as palliative treatment of malignant periampullary obstructions of the common bile duct: a follow-up study (technical note), **32**:41
Achalasia
  bougienage therapy (letter), **32**:56
  esophageal stricture and (a), **32**:142
  management, endoscopic piggyback pneumatic dilation (new methods—new materials), **32**:290
  pneumatic dilation, direct visual dilation effectiveness (a), **32**:142
  pneumatic dilation, outpatient (a), **32**:145
Achkar E, Carey WD, Petras R, Sivak MV, Revta R: Comparison of suction capsule and endoscopic biopsy of small bowel mucosa, **32**:278
Achkar E: see Rosenstock
Acquired immune deficiency syndrome (see AIDS)
Adams DB: Endoscopic removal of entrapped coins from an intraluminal duodenal diverticulum 20 years after ingestion (case report), **32**:415
Agrawal NM, Godiwala T, Arimura, A, Dajani EZ: Cytoprotection by a synthetic prostaglandin against ethanol-induced gastric mucosal damage, **32**:67
Agrawal NM: see Akdamar
AIDS
  esophageal lymphoma in, endoscopic and pathologic features (case report), **32**:96
  symptomatic patients, upper gastrointestinal endoscopy in (a), **32**:149
Akdamar K, Ertan A, Agrawal NM, McMahon FG, Ryan J: Upper gastrointestinal endoscopy in normal asymptomatic volunteers, **32**:78
Alberti-Flor JJ, Cochran JL, Vaughan S, Dunn GD: Percutaneous endoscopic duodenostomy (new methods—new materials), **32**:350
Albornoz P: see Sakai
Alexander TJ: see DeRidder
Alkali, encapsulated, ingestion, endoscopic appearance (letter), **32**:121
Allen JI: see Potter
Alsop WR: see Moore
Altman AR: see Gutierrez
Aminoacid solution, endoscopic occlusion of neoplastic fistula by (new methods—new materials), **32**:287
Anastomosis, site, postgastrectomy polyps (letter), **32**:247
Angiodysplasia, endoscopic morphology, colon and rectum (A), **32**:127
Anselm K: see Halprin
Antrum, stricture, hydrostatic balloon dilation (technical note), **32**:228
Aoki J: see Suzuki
Arimura A: see Agrawal
A/S/G/E
  annual meeting, presidential address, **32**:315
  photographs from Learning Corner (spectrum), **32**:44
  Rudolf Schindler Award, **32**:317
Aszodi A: see Ponsky
Attar B, Khurana D, Hlaing-Ray V, Levendoglu H: Mucosal neuroma of the rectosigmoid colon (case report), **32**:219
Atypia, gastric epithelial, histopathologic features, compared with gastric carcinoma (A), **32**:377
Avidor I: see Delpre

B

Babando GM: see Lombardo
Bacon BR: see Wadiwala
Bacteremia
  after esophageal dilation, prospective evaluation (a), **32**:146
  endoscopy-associated, procedures evaluated, **32**:342
Baki W: see Loscos
Balloon dilation
  anastomatic colonic strictures (a), **32**:170
  endoscopic
    efficacy, postoperative bile duct strictures (a), **32**:158
    sphincter of Oddi (a), **32**:158
  gastric outlet obstruction, **32**:71
  gastroenterostomy stenosis treatment, morbid obesity (a), **32**:168
  hydrostatic
    antral stricture management (technical note), **32**:228
    gastrointestinal stenoses, **32**:15
  intragastric, safety, morbidly obese (a), **32**:171
  recto-sigmoid strictures, transendoscopic approach (a), **32**:164
  terminal ileal stricture, Crohn's disease (technical note), **32**:38
Balloon topography, anal function evaluation (a), **32**:169
Bansi J, Dobo I, Szijarto J, Szanto I: Endoscopic method for sampling uncontaminated small bowel juice (letter), **32**:308
Barkin JS: see Goldberg
Bar-Meir S: see Soffer
Barrett's esophagus
  carcinoma occurrence (a), **32**:155
  endoscopic diagnosis, accuracy and inter-observer agreement (a), **32**:146
  gastroesophageal junction, localization (a), **32**:144
Barr H, Youngs E, Wilkins E, de Cossart L, Green H, Downie R: Who should have endocarditis prophylaxis for upper gastrointestinal procedures? (letter), **32**:302
Bartnik W, Butruk E, Ryżko J, Rondio H, Rasiński A, Orłowska J: Short- and long-term results of colonoscopic polypectomy in children, **32**:389
Bayerdörffer E, Sommer A, Ottenjann R: Solitary colonic ulcers (letter), **32**:433
Beckman JW, Schuman BM: Antral gastritis and ulceration in a patient with secondary syphilis (case report), **32**:355
Behçet's syndrome, colitis in (letter), **32**:58
Bellapravalu S: see Haynes
Bellapravalu S: see Sanowski
Benjamin SB, Collins KS: The toposcopic through-lumen everting catheter to facilitate dilation of severe strictures of the gastrointestinal tract (technical note), **32**:33
Bernal A, del Junco GW: Endoscopic and pathologic features of esophageal lymphoma: a report of four cases in patients with acquired immune deficiency syndrome (case report), **32**:96
Bezoar, iatrogenic, treatment (a), **32**:142
BICAP, palliative therapy, obstructing esophageal cancer (a), **32**:141
Bile duct
  common, perforation, complication of ERCP (letter), **32**:246
  endoscopic innovations (editorial), **32**:425
  malignant obstruction, ECDT as palliative treatment (technical note), **32**:41
  pathology, ERCP definition (a), **32**:153
  stone removal, fiberoptic choledochoscope (new methods—new materials), **32**:347
  stricture, endoscopic intervention (a), **32**:154
Biliary tract, disease, nonsurgical management (a), **32**:155
Biopsy
  endoscopic, improved technique (letter), **32**:59
  normal appearing tissue, collagenous colitis diagnosed by (case report), **32**:421
  sigmoidoscopic, insertion tube for (letter), **32**:57
  small bowel, suction capsule and endoscopy compared, **32**:278
Bleeding
  digestive tract, hemostatic effect of endoscopic local injection, **32**:319
  endoscopic coagulation, outcome, angioma, upper gastrointestinal tract (a), **32**:142
  endoscopic electrocoagulation, monopolar hemostatic forceps , **32**:114
  esophageal varices, immediate versus delayed endoscopic injection sclerosis, **32**:385
  gastrointestinal
    Nd:YAG laser therapy, **32**:199
    predictive value of endoscopic diagnosis (a), **32**:147
  lower gastrointestinal, diagnostic procedures, cost efficacy (a), **32**:164
  peptic ulcer, endoscopic therapy, cost-benefit analysis (a), **32**:150
  rectal, colonoscopy versus barium enema and sigmoidoscopy (a), **32**:159
  ulcer
    determining factors (a), **32**:145
    hemostasis, BICAP versus heater probe (a), **32**:143
  variceal, treatments compared (a), **32**:167
Bleeding pattern, preadmission, guideline, emergency endoscopy (a), **32**:61
Boley SJ: see Brandt
Boluloglu MA: see Iter
Bombeck CT: see McLean
Bond JH: see Potter

  1985 Year Book of Digestive Diseases, **32**:250

(a) Abstracts for 1986 A/S/G/E meeting.

(A) Abstracts in "Endoscopy Around the World," the abstracts section in each issue.

Botoman VA, Surawicz CM: Bacteremia with gastrointestinal endoscopic procedures, **32**:342
Bougienage, esophageal, triple metal olive dilators (technical note), **32**:226
Bowden TA, Jr: Intraoperative gastrointestinal endoscopy (editorial), **32**:427
Bowel disease, nonspecific inflammatory, after colon surgery (a), **32**:163
Bowel habit, colonic motility and, endoscopic study method, **32**:185
Bowel insertion, endoscopic retrograde, colonic motility studied by, **32**:185
Bowel motility, bowel habit and, endoscopic study method, **32**:185
Bowers JH: see Buchi
Brady PG: see Goldschmid
Brandt LJ, Boley SJ, Sammartano R: Carbon dioxide and room air insufflation of the colon, **32**:324
Bronchofiberscope, adaptation for PEG (letter), **32**:245
Bronchoscope, Olympus BF type 10, added flexibility (letter), **32**:52
Bronner MH: see Marsh
Bronner MH, Yantis PL: Intracolonic sucralfate suspension for postpolypectomy hemorrhage (case report), **32**:362
Brotschi EA: see Cave
Brower RA: Hydrostatic balloon dilation of a terminal ileal stricture secondary to Crohn's disease (technical note), **32**:38
Brower RA: see Person
Brown MW, Brown RC, Orr G: Pneumoperitoneum complicating endoscopy in a patient with duodenal and jejunal diverticula (letter), **32**:120
Brown RC: see Brown
Brown R: see Tedesco
Buchi KN, Bowers JH, Dixon JA: Endoscopic pancreatic cystogastrostomy using the Nd:YAG laser (technical note), **32**:112
Buffoli F: see Salmi
Burkitt's lymphoma, stomach and colon, endoscopic appearance (case report), **32**:352
Busch JJ: see Goodman
Butruk E: see Bartnik
Buzzaccarini O: see Dagnini

C

Caldironi MW: see Dagnini
Cambre T: see Van Stiegmann
Cancer
  colorectal
    laser ablation and palliation, **32**:393
    screening, Hungarian county (a), **32**:63
  esophageal, early stages, Europe, **32**:88
  gastric, early, San Marino (a), **32**:148
  gastric stump, **32**:75
    endoscopic surveillance (editorial), **32**:117
  liver, cirrhosis-associated, **32**:91
  pancreatic, endoscopic palliative treatment, **32**:334
Cannulation, biliary, sleeve (new methods—new materials), **32**:407
Caos A, Gogel HK: A simple method for clearing obstructed enteral feeding tubes (letter), **32**:55
Carbon dioxide
  colonic insufflation
    application (editorial), **32**:365
    barium enema after, **32**:330
    versus room air, **32**:324
Carcinoma, squamous cell, transverse duodenum (case report), **32**:99
Carey WD: see Achkar
Cather, Ponsky, effective use (letter), **32**:368
Catheter
  balloon, bipolar, thermal, description (a), **32**:168
  Foley, endoscopic gastrostomy with (letter), **32**:370
  percutaneous transhepatic biliary drainage, endoscopic sphincterotomy (technical note), **32**:221
  Ponsky, effective use (letter), **32**:368
  through-lumen everting, gastrointestinal stricture dilation (technical note), **32**:33
Cavallero JB: see Shah
Cave DR, Robinson WR, Brotschi EA: Necrotizing fasciitis following percutaneous endoscopic gastrostomy (case report), **32**:294
Caya JG: see Komorowski
Cecostomy, percutaneous endoscopic, nonobstructive colonic dilation treatment (technical note), **32**:108
Chaput JC: see Naveau
Charusi I: see Goldin
Chemoneurolysis, endoscopic, dog vagus (a), **32**:177
Chen M-F, Jan Y-Y: Percutaneous transhepatic removal of common bile duct and intrahepatic duct stones with a fiberoptic choledochoscope (new methods—new materials), **32**:347
Chen P-C: A case of mucosal bridge over the gastric stoma with Billroth II gastrojejunostomy (letter), **32**:372
Chen P-C, Wu C-S, Lisw Y-F: Hemostatic effect of endoscopic local injection with hypertonic saline-epinephrine solution and pure ethanol for digestive tract bleeding, **32**:319
Children, upper endoscopy findings (a), **32**:150
Chlorazepate dipotassium, esophageal burn due to (letter), **32**:240
Cholangiopancreatography, endoscopic retrograde, (see ERCP)
Cholangitis
  endoscopic management, safety and efficacy (a), **32**:154
  primary sclerosing, pancreatic ductal abnormalities in (a), **32**:156
  recurrent pyogenic, endoscopic management (a), **32**:159
  sclerosing, endoscopic management (a), **32**:166
Cholecystostomy, laparoscopic, method and results (a), **32**:166
Choledochoduodenostomy, endoscopic, (see ECDT)
Choledochoscope, fiberoptic, biliary stone removal (new methods—new materials), **32**:347
Cirrhosis, liver tumors and, **32**:91
Clair MR: see Gottfried
Clostridium difficile, endoscope cleaning method, efficacy, **32**:7
Coagulation, laser, role in colorectal cancer, **32**:393
Cochran JL: see Alberti-Flor
Coene PP: see Huibregtse
Cohen H, Quinn M: Antegrade assistance for retrograde sphincterotomy using a new sphincterotome, **32**:405
Colitis
  collagenous, diagnosis by biopsy of normal appearing mucosa (case report), **32**:421
  microscopic, significance, chronic diarrhea (A), **32**:126
  ulcerative, surveillance for colonic carcinoma in (A), **32**:378
Collins KS: see Benjamin
Colon
  acute pseudoobstruction, colonoscopic decompressive therapy (a), **32**:160
  benign ulcer (case report), **32**:102
  Burkitt's lymphoma, endoscopic appearance (case report), **32**:352
  cancer
    murine, mechanical bowel preparation and endoscopic surveillance (a), **32**:177
    screening program, results (a), **32**:163
  insufflation
    carbon dioxide technique, **32**:330
    carbon dioxide versus room air (a), **32**:179, **32**:324
  nonobstructive dilation
    colonoscopic therapy criteria (a), **32**:161
    percutaneous endoscopic cecostomy for (technical note), **32**:108
  pill malabsorption (letter), **32**:242
  polyps, malignant, endoscopic removal (a), **32**:165
  rectosigmoid, mucosal neuroma of (case report), **32**:219
  sigmoid volvulus, colonoscopy treatment (letter), **32**:244
  skip-lesions, tuberculous colitis and (letter), **32**:375
  solitary ulcers (letter), **32**:433
  ulceration, naproxen and acetylsalicylic acid associated (letter), **32**:242
Colonoscopy
  age as risk factor (a), **32**:181
  diagnosis, ileocolic intussusception (case report), **32**:217
  diagnostic, results related to indications (a), **32**:165
  mucosal marking, evaluation of agents (a), **32**:169
  paroxysmal ventricular complexes during (letter), **32**:122
  polypectomy by, short- and long-term results, children, **32**:389
  preparation
    colonic lavage versus formula diet (a), **32**:139
    irrigation solutions compared (a), **32**:179
    mechanical cleansing versus whole gut irrigation (editorial), **32**:301
  sigmoid volvulus treatment (letter), **32**:244
  total, 20th anniversary (letter), **32**:60
  versus barium enema, patient preference (a), **32**:162
Congo red test, endoscopic, sensitivity, vagotomy completeness (a), **32**:149
Cooley W: see Phaosawasdi
Cotton PB: Endoscopic biliary stents—trick or treatment? (editorial), **32**:364
Cotton PB: see Cunningham
Coyne E: see Haight
Craig R: Removing percutaneously placed gastrostomy tubes (letter), **32**:430
Cremer M, Deviere J: Endoscopic management of pancreatic cysts and pseudocysts (letter), :367
Crespo JH: see Gaylor
Crohn's disease, gastroduodenal lesions, long-term follow-up, **32**:206
Cummins L: see Friedman
Cunningham JT, Cotton PB, Speer AG: A biliary cannulation sleeve (new methods—new materials), **32**:407
Cyst
  choledochal, ERCP evaluation and diagnosis (case report), **32**:27
  ovarian, mimicking ascites (letter), **32**:245
Cystic fibrosis, pancreatic carcinoma and (case report), **32**:25
Cystogastrostomy, pancreatic, Nd:YAG laser use (technical note), **32**:112

D

Dagnini G, Caldironi MW, Marin G, Buzzaccarini O, Tremolada C, Ruol A: Laparoscopy in abdominal staging of esophageal carcinoma, **32**:400
Dagnini G: see Zotti
Dagradi AE: see Ingegno
Dajani EZ: see Agrawal
Danilewitz MD: Ascaris in the common bile duct after endoscopic sphincterotomy (letter), **32**:307
Danzi JT: Two cases of acute pancreatitis due to a foreign body (case report), **32**:360
Dechoum A: see Zyngier
Decompression, colonoscopic, acute pseudoobstruction (a), **32**:163
de Cossart L: see Barr
del Junco GW: see Bernal
del Olmo AG: see Loscos
del Olmo L: see Simon
Delpre G, Kadish U, Avidor I: Postgastrectomy polyps and polyps at site of anastomosis—further consideration (letter), **32**:247
DeMarco DC: see Hogan
Demling L: see Ell
DeRidder PH, Alexander TJ: Percutaneous endo-

scopic gastrojejunostomy: a technique to facilitate passage of the jejunostomy tube (letter), **32**:369
deTarnowsky GO: see Glaser
Deviere J: see Cremer
Diaphragm, duodenal, congenital, endoscopic management, adult (case report), **32**:416
Diazepam, sedation, before gastroscopy, randomized trial (a), **32**:140
Dieulafoy's disease, diagnosis and treatment (A), **32**:127
Di Felice G: Sigmoid volvulus treated by colonoscopy (letter), **32**:244
Dilation
  balloon
    gastric outlet obstruction, **32**:71
    hydrostatic, gastrointestinal stenoses, **32**:15
    terminal ileal stricture, Crohn's disease (technical note), **32**:38
    through the scope, gastrointestinal stricture (a), **32**:151
  endoscopic, piggyback pneumatic, achalasia management (new methods—new materials), **32**:290
  esophageal strictures treated by, **32**:202
Disinfection, all-channel perfusion method, bacteriological evaluation (a), **32**:182
Dixon JA: see Buchi
Dobo I: see Banai
Downie R: see Barr
Drell E, Prindiville T, Trudeau W: Outpatient endoscopic injection sclerosis of esophageal varices, **32**:4
Dunn GD: see Alberti-Flor
Duodenal band, congenital, diagnosis (a), **32**:183
Duodenal bulb, endoscopic aspect, familial peptic ulcer (a), **32**:151
Duodenofiberscope, jejunal endoscopy with (technical note), **32**:233
Duodenostomy, percutaneous endoscopic (new methods—new materials), **32**:350
Duodenum
  erosion, mesocaval graft and (case report), **32**:412
  intraluminal diverticulum, endoscopic removal of coins 20 years after ingestion (case report), **32**:415
  malrotation, endoscopic demonstration (letter), **32**:373
  pseudomelanosis, chronic renal failure and (case report), **32**:358
  transverse, squamous cell carcinoma of (case report), **32**:99
  ulceration, salsalate-associated (case report), **32**:356
  villous adenoma, late recurrence (letter), **32**:372

E

ECDT, malignant obstruction, palliative treatment (technical note), **32**:41
